

Laity

Wifi; PLUSNET-PG3CNF

Pwd: cd3fcfaeca

Door C25789

Housekeeper / Emergency numbers

Our Housekeeper is Mrs L Fowler, contact number 07773 040711.

Owners: Mervyn & Linda Bingham 020 87867164 or 07956 437834.

Important note:

The most important thing is that you enjoy your stay. If there is anything that needs attention while you are our guest please let us know. This is for your benefit and future guests.

Bed linen and towels are provided. Electricity is included

Arrival from 5pm, departure 9am.

These times are to allow for the additional cleaning required with COVID-19. Please observe this for everyones safety. Refer to the photographs and map for directions. To avoid contact the door has a code lock, code is above. To open press the buttons and then turn the doorknob.

Parking

We have a space at Elm Cottage. Drive through the village and up Landaviddy Lane. The parking is on your left signed ELM COTTAGE at the edge of the village. You should drive as far as some white garages and a parking area on your right at the end of the village. You then need to turn round and enter the parking area opposite. Please display the property name – LAITY - in the window

Luggage Taxi

For taking your luggage from the parking. Must be booked in advance,

Paul on 07794904239

Kitchen

Cooker, fridge, microwave and washing machine.

Bathroom

Cupboard with thermal store cylinder. This should be switched on for your stay. Water is heated as it is used and the stored water is not fed to the taps.

Living / Dining Room

There is a CD/Radio and TV with DVD player

Heating:

Heating is provided by night storage heaters. These are fan assisted and hold heat longer than traditional storage heaters. There are two controls. The room temp dial on the left controls how much heat is released and therefore how long it will last. We recommend that you keep this on low to avoid losing all the heat earlier in the day. The input dial on the right controls how much heat is stored. This should be set to high if the weather is likely to be very cold overnight. We normally find a setting of about 3-4 is fine for milder nights. There is a boost switch on the side which will provide heat if the stored heat has gone.

Departure

As noted previously departure is by 9am. To minimise risk of spreading infection we ask that you strip the bedding and place in the bag provided. The last thing that we want is anybody to spread COVID-19, especially as cleaners will be in several properties.
